Ref: 30 Day Post General Report (10/14/10-11/22/10)

This letter is in response to your letter dated February 10, 2011.

Item 2:

The disbursements in question are for "media production cost" associated with radio and television advertising. All future reports will be more descriptive for these costs.

Item 3:

Best effort procedures are as follows. The Committee includes clear and conspicuous request for employer and occupation information that is required by federal law on each original solicitation. If the information is not included with the contribution, a separate stand alone request in writing is made within thirty days of receipt. This second request informs the contributor of the federal law requirements and does not solicit another contribution. The campaign documents the request in writing. If and when the required information is received, it is included on the next report filing as a memo entry.

Please see amended filing for the 30 day Post General report attached to this letter.

Sincerely,

William Vanderbrook, Treasurer  
David Vitter for US Senate
